

Red Bank CSA

The first delivery of fresh, local organic vegetables will begin on *Friday June, 12* and will run for 24 weeks. The farm we are supporting is Circle Brook Farm located in Andover, NJ <https://www.facebook.com/circlebrookfarm/>

Pick up location will be on Fridays from 2PM - 7PM 24 South St, Red Bank, NJ.

Twenty-four weeks of beautiful, healthy and organic NJ produce! Although we pay in full ahead of time, here is the weekly cost breakdown of each share option:

- full premium share - \$720 which is \$30 per week for 24 weeks
- premium half share - \$360 which is \$30 per week for 12 weeks

- full basic share - \$600 which is \$25 per week for 24 weeks
- half basic share - \$300 which is \$25 per week for 12 weeks

The differences between a basic and premium share are as follows:

A basic share is about 80% the size of a premium share. The premium share has one or 2 items not in a basic share and a slightly larger quantity of some of the regular items distributed by count. For example 4 onions and/or peppers and/or zucchini vs 3 in a basic share.

If you are taking a half share, please know that you will be splitting it with another partner. If you do not have a friend to share with, we will be matching members up randomly. Since this is a community and volunteer group, we don't have the resources available to split the full shares into half shares for you. We highly suggest you alternate pick up weeks and not split a weekly share.

We will be sending emails and posting on Facebook all updates. If you have not liked our Facebook Page yet, please do in the event you do not get the emails. <https://www.facebook.com/pg/Red-Bank-CSA-101477154898276/about/> and Instagram @Monmouth_County_CSA

Please read and sign below.

1. I commit to membership in the Howell Area CSA for the 2020 season, which is planned to run for 24 weeks starting Friday, June 12, and ending Friday, November 20. As a member of the CSA, I will receive a weekly share of produce. The shares will vary by size and weight, depending on the season.
2. I understand that as part of this volunteer run CSA, it is expected that each CSA member will (if able) volunteer for 2 three-hour shifts, either 1-4pm or 4-7pm to assist during 2 Friday pick-ups.
3. One aspect of CSA is that members support their farmer by sharing in the inherent risks of agriculture (poor weather, drought, disease, early frost, crop failure, and so on) and rewards (the bounty from a good season.) CSA farmers purposely plan for such contingencies and use growing techniques that protect the harvest, minimize risk to members and optimize the rewards: growing a wide variety of crops that thrive in different types of conditions, cover cropping, crop rotation, and irrigation. Moreover, the CSA builds relationships of trust between the farmer and the community group. On the whole, members should get a wide variety of vegetables in generous amounts. Therefore, I agree that while John Krueger will act in good faith to provide fresh organic produce for the duration of the season, there is no guarantee of quantities or contents of weekly shares.
4. I am fully aware that it is necessary to inspect and wash all produce thoroughly before consuming it. John, his workers, his farm, all CSA members and administrators, Emi Knafo, Eamon Coyne, and the settings we use to pick up our shares and their administrators and employees have no liability in terms of the safety of the food or the premises.
5. I am aware that when driving, parking, and picking up my CSA share at 24 South St, Red Bank, NJ, I do so willingly, and the homeowners have no liability
